FREEDOM OF INFORMATION POLICY

1. Introduction

Schools, like all public authorities, are required by law under the Freedom of Information Act 2000 to adopt and maintain a publication scheme. The Information Commissioner's Office has produced a guide and template for a publication scheme for schools which provides a list of the information which schools should hold and make available.

2. Principles and Objectives

Walter Infant School has adopted the template referred to above and will maintain all items identified in the template which are appropriate and relevant to the school (see below).

Wherever possible, information will be made available from the public area of the school's website. Alternatively, hard copies of the information will be provided. Charges for paper items will be made in accordance with the scheme. The recommended charge as at the date this policy was first implemented being 10p per sheet.

3. Walter Infant School's Publication Scheme

The table attached to this policy at Appendix 1 lists the information which Walter Infant School makes available and identifies how the information can be accessed.

All requests for information must be made in writing to the School Office. They will be responded to within 20 school working days of receipt.

The School will comply with current data protection legislation when responding to requests.

4. Disclosure Log

Walter Infant School will maintain a disclosure log of requests made via the School Office. This schedule will record each freedom of information request; the date each request is received; the date each request is responded to and the response given.

5. Policy Review

This policy will be reviewed on a bi-annual basis.
