"To be the best I can be"

# **Accessibility Plan**

Revised: September 2016

Review date: September 2021

# **Mission Statement and Values**

# "To be the best I can be"

Walter Infant School is an equitable, safe, secure and happy place to learn; our children grow as individuals in a stimulating and exciting environment which values respect, empathy, kindness, honesty and resilience.

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

This policy should be read in conjunction with the Inclusion Policy.

Walter Infant School plans to over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.

- 1. An Accessibility Plan has been drawn up to cover a three year period.
- 2. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This
  covers reasonable adjustments to the physical environment of the school and physical aids to access
  education.
- Increase access to the curriculum for pupils with a disability, expanding and making reasonable
  adjustments to the curriculum as necessary to ensure that pupils with a disability are able to fully access
  the curriculum to the same extent as their peers. This covers teaching and learning and the wider
  curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school
  visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in
  accessing the curriculum.
- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents
  and visitors with disabilities. Examples might include hand outs, timetables, textbooks and information
  about the school and school events. The information should be made available in various preferred formats
  within a reasonable time frame.
  - 3. The School's complaints procedure will cover the Accessibility Plan when reviewed.
  - 4. Information about our Accessibility Plan will be published in the Governors' Annual Report to Parents (statutory).
  - 5. The Plan will be monitored through the Governing Body Committees and working parties.
  - 6. The Plan will be monitored by Ofsted as part of their inspection cycle.
  - 7. We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
