

## Walter Infant School and Nursery

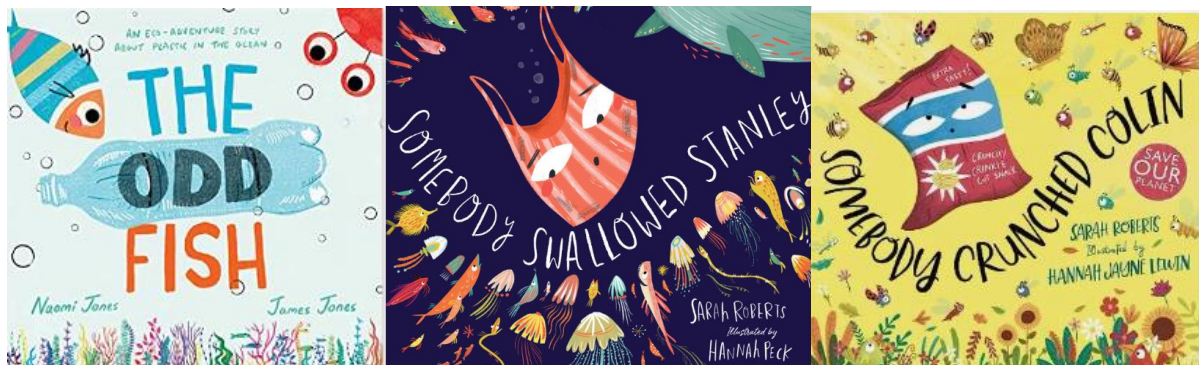

# Friday Flyer

Dear Walter Families,

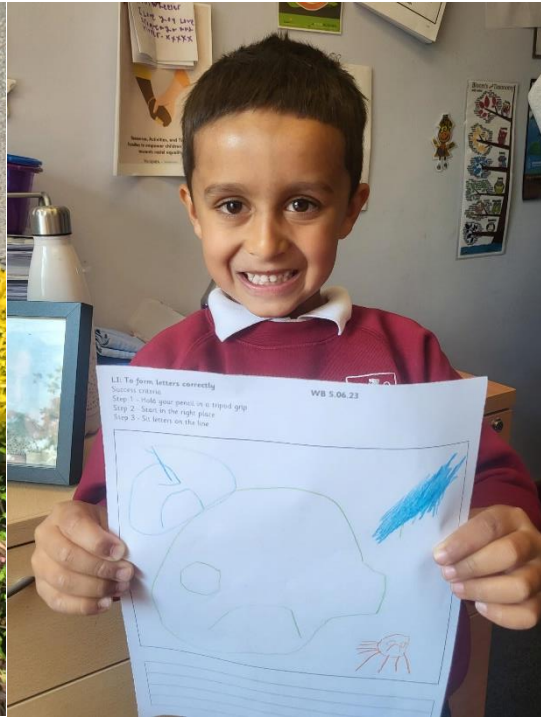

I am so pleased that so many children are scooting or cycling to school, but they must not do so in the playground. We have had so many near misses recently. Please ensure your child pushes their scooter or bike whilst in the playground.

### Environment Week at Walter

This week has been Environment Week led by our Curriculum Leader, Miss Palmer. The children have shared very interesting stories about caring for the environment around us and saving our world from pollution, especially plastics. The books we focussed on were: "Somebody Swallowed Stanley", "The Odd Fish" and "Somebody Crunched Colin".

The children have produced some incredible models made from recycled materials, produced wonderful posters and collected all the litter from the playground and gardens. We now have a huge team of litter pickers to keep our school clean and tidy.

Genevie made a jelly fish from a tin can! She knew she was recycling; well done Genevie (from Robin). Ismaeel drew a collection of creatures and a plastic bottle from The Odd Fish. His octopus had exactly 8 tentacles!

### **No Snacks in the Playground after or before school!**

Please can we ask that you all remember NOT to give your children snacks on the school playground as most of the rubbish was from food wrappers. We do not allow eating on the playground at the end of the day as it encourages wildlife, such as rats and pigeons, resulting in mess and damage. Thank you.

### **Woolly Firs**

The Year 2 children had a truly wonderful time visiting Woolly Firs this week; they behaved in an exemplary way and shared their knowledge and understanding confidently. All the staff that went on the trip felt extremely proud.

### **The Summer Fair**

Volunteer opportunities for "Summer Fair 2023" are now open. Please click on the following web link (or copy it into your web browser if clicking doesn't work) to go to the signup sheet. To sign up, just follow the instructions on the page. It only takes a few seconds to do.

**Saturday 1<sup>st</sup> July 2023**

*Thank you for volunteering!*

### **Great, Great Britain**

In Year One the children are learning about the countries that make up the United Kingdom; this week they have learned about shamrocks and four-leafed clovers. Unbelievably, after completing her work about how lucky it is to find a four-leafed clover, Bryony found one outside in the school grounds!

### **Star of the Week**

10 fabulous stars; you might have noticed that some children have their photograph in the flyer more than once!

I have been told by Mrs Taylor, the headteacher from St. Paul's that a parent has been parking a silver car across the yellow box by the gates into both schools. This is not only very inconvenient as it holds up so many other people who are trying to use the gates, but it is not permitted. We will be monitoring the space from both schools.

Have a fabulous weekend, the weather is predicted to be very hot so please take care. We do advise that you apply suncream to your child next week to protect them from sunburn, if there is a risk they might burn. Also, please send them in a sun hat; I have seen these in some supermarkets which are super smart!

**Judy Wheeler: Headteacher**
