

Walter Infant School and Nursery - Spelling Homework

This homework is provided so your child can practise their spellings at home. Please offer as much help as they need. The words are linked to our phonics work in school. This sheet does not need to be returned to school.

again	thought	many	any
friends	once	through	who

For this task, you will need some colouring pencils or pens and maybe some other art and craft materials. Look at the list of spellings above. Tick all the ones you know how to spell really well. Choose the one that you find the most difficult. Write the word in bubble writing and decorate it in the box below. Do this with the other words that you find difficult (you could also use the back of this sheet as extra space).
